Dear Sir/Madam,

We would like to address you with a formal request of sponsorship for the 6th International Medicinal Mushroom Conference which will be held in Zagreb, Croatia, during 25-29, September 2011.

International Medicinal Mushroom Conferences are biennial events started in 2001 and gathering 500 or more scientists, experts and businessmen of the highest caliber from 30 or more countries. The participants come from a multitude of scientific fields – from mycology, ecology, genetics, biochemistry, biotechnology, forestry, agronomy, pharmaceutical and nutraceutical industry, medicine. These conferences have invariably been a source of the very latest findings in the fields of medicinal properties of mushrooms and their use as medicinal agents. The results are published in International Journal of Medicinal Mushrooms (Begell House, New York) and other relevant indexed journals worldwide.

This conference, aside from providing a way to exchange new hard-won knowledge and experiences, develop new ideas and bravely overcome challenges in the way of creating new value based on science, also provides a wealth of opportunities – including those which can improve business, such as marketing, meeting potential business partners, generating new ideas and gathering knowledge valuable in your current and future endeavors.

The International Medicinal Mushroom Conferences have, in the past, generated a surprisingly large media interest. A thorough TV, radio and newspaper coverage of the event is expected. Also of note is the new feature of this conference which is the open nature of the trade fair exhibition, where potentially thousands of visitors might get the impression of your services and products. The size of this four day event and the diversity, geographical and otherwise, of participants are noteworthy qualities as well.

For your convenience, various levels of sponsorship and associated benefits are detailed in the Sponsorship Levels leaflet of this package.

For more information on the conference, please log on to www.immc6.com. If you have additional questions or need to discuss any special details regarding the conference or sponsorship, please write to immc6.loc@gmail.com, call +385 91 2096020, or fax +385 1 4660095. We respect your time and thoughts and wish to provide a valuable service you will be satisfied with.

Thank you for reading our letter and considering this sponsorship. We are looking forward to getting your opinion on the subject and believe we can work together for a mutual benefit.

Thank you very much in advance,
Dr Ivan Jakopovich
President of the Conference Organizing Committee
